

1MEC1	2024 - 25				ME in Civil Engineering	Semester 1
Time	Monday	Tuesday	Wednesday	Thursday	Friday	
8.30 - 9.00						
09:00 - 10:00			Integrated Civil Engineering Design CE6117 Self-directed learning CA116a		Transportation Systems PC LAB CE514 ENG-2016	
10:00 - 11:00	Advanced Structures CE509 ENG-2033	Transportation Systems and Infrastructure II CE514 ENG-2034		Financial Management I Lecture CA111 AY872	Hydrology and Water Resource Engineering CE6108 ENG-3035	
11:00 - 12:00		Design of Sustainable Environmental Systems I CE6102 ENG-2001	Transportation Systems and Infrastructure II CE514 ENG-3036	Design of Sustainable Environmental Systems I PC LAB CE6102 ENG-G046		
12:00 - 13:00	Machine Learning and Artificial Learning in Engineering Applications EE4104 ENG2001			Applied Field Hydrogeology EOS418 Weeks 7 - 12 only A-206 Geology	Machine Learning and Artificial Learning in Engineering Applications EE4104 CBS G005	
13:00 - 14:00		Applied Field Hydrogeology EOS418 Weeks 7 - 12 only A-206 Geology		Engineering Project / Thesis CE510 ENG-2001		
14:00 - 15:00		Machine Learning and Artificial Learning in Engineering Applications EE4104 ENG-G047	Hydrology & Water Resources Engineering CE6108 ENG-2001		Planning & Law LW361 ENG-G047	
15:00 - 16:00	Hydrology & Water Resources Engineering CE6108 ENG-2003	Technology, Innovation & Entrepreneurship ME432 ENG-2002		Financial Management I Tutorial (Start date TBC by lecturer) AY872 ENG-G047		
16:00 - 17:00	Integrated Civil Engineering Design CE6117 ENG-3035		Applied Field Hydrogeology EOS418 Weeks 7 - 12 only A-206 Geology	Integrated Civil Engineering Design Self-directed learning CE6117 ENG-3036	Advanced Structures CE509 2003 ENG-	
17:00 - 18:00					Advanced Structures PC Lab CE509 ENG-G046	
18:00 - 19:00			Financial Management I Tutorial - (Start date TBC by lecturer) AY872 ENG-G047			

Lecture
PC Lab
Physical Lab
Service Module

Students must take:

20 ECTS	Project/Thesis
35 ECTS	Advanced Subject Specific Modules
5 ECTS	Engineering Transferrable Skills Modules
